

## Complete Before Demounting Container

### WARNING

It is the driver's responsibility to make sure that the container is properly locked onto the truck before each trip.

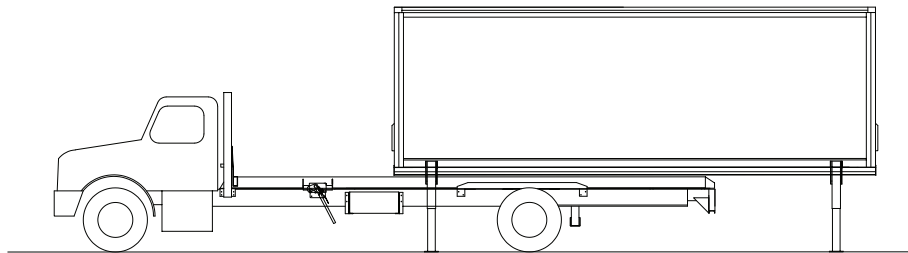

An improperly secured container that falls off a truck can result in injury or death.

### WARNING

Be sure all people are clear of the truck and container when mounting and demounting.

Do not operate equipment without proper training from Demountable Concepts or an authorized training provider.

This checklist is not a substitute for certified training, the operator's manual, or the instructional video.

- 1. Confirm container is unlocked

- 3. Confirm light plug is disconnected

- 2. Confirm all 4 container legs are deployed and secured with pins
